Project: HI-501 CoC Registration FY 2021

HI-501 Honolulu CoC COC_REG_2021_181843

Before Starting the Project Listings for the CoC **Priority Listing**

The CoC Consolidated Application requires TWO submissions. Both this Project Priority Listing AND the CoC Application MUST be completed and submitted prior to the CoC Program Competition submission deadline stated in the NOFO.

The CoC Priority Listing includes:

- Reallocation forms must be completed if the CoC is reallocating eligible renewal projects to create new projects or if a project applicant will transition from an existing component to an eligible new component.
- Project Listings:
- New:
- Renewal:
- UFA Costs;
- CoC Planning;
- YHPD Renewal; and
- YHDP Replacement.
- Attachment Requirement
- HUD-2991, Certification of Consistency with the Consolidated Plan Collaborative Applicants must attach an accurately completed, signed, and dated HUD-2991.

Things to Remember:

- New and Renewal Project Listings all project applications must be reviewed, approved and ranked, or rejected based on the local CoC competition process.
- Project applications on the following Project Listings must be approved, they are not ranked per the FY 2021 CoC Program Competition NOFO:
- UFA Costs Project Listing:
- CoC planning Project Listing; YHPD Renewal Project Listing; and
- YHDP Replacement Project Listing.
- Collaborative Applicants are responsible for ensuring all project applications accurately appear on the Project Listings and there are no project applications missing from one or more Project
- For each project application rejected by the CoC the Collaborative Applicant must select the reason for the rejection from the dropdown provided.
- If the Collaborative Applicant needs to amend a project application for any reason, the Collaborative Applicant MUST ensure the amended project is returned to the applicable Project Listing AND ranked BEFORE submitting the CoC Priority Listing to HUD in e-snaps.

Additional training resources are available online on HUD's website. https://www.hud.gov/program_offices/comm_planning/coc/competition

4. Reallocation - Grant(s) Reduced Details

Instructions:

For guidance on completing this form, please reference the FY 2021 CoC Priority Listing Detailed Instructions and FY 2021 CoC Priority Listing Navigational Guide on HUD's website. https://www.hud.gov/program_offices/comm_planning/coc/competition.

4-1 Complete the fields below for each eligible renewal grant that is being reduced during the FY 2021 reallocation process. Refer to the FY 2021 Grant Inventory Worksheet to ensure all information entered is accurate.

Reduced Project Name: Consolidated PH 2021

Grant Number of Reduced Project: HI0029L9C012013

Reduced Project Current Annual Renewal \$5,548,580

Amount:

Amount Retained for Project: \$5,219,667

Amount available for New Project(s): \$328,913

(This amount will auto-calculate by selecting

"Save" button)

4-2. Describe how the CoC determined that this project should be reduced and include the date the project applicant was notified of the reduction. (limit 750 characters)

The CoC considered these factors when determining whether projects should receive full or reduced funding: alignment w & adherence to HUD priorities; HUD monitoring findings; degree to which the program & agency promote equity; data quality; attainment of objective performance targets; degree of system-level need for the project (i.e., extent to which reducing or eliminating could create service gap or deficiency), financial performance, & costeffectiveness. The 5-person Evaluation Panel noted AUW app showed numerous deficiencies in dq & ability to expend funds. Members of the CoC Advisory Board reviewed & approved decision to reduce & reallocate part of project's funds. PIC sent AUW notification October 28, 2021 & posted decision to PIC website and October 28, 2021 & PIC listserv November 1, 2021.

Funding Summary

Instructions

This page provides the total budget summaries for each of the project listings after the you approved, ranked (New and Renewal Project Listings only), or rejected project applications. You must review this page to ensure the totals for each of the categories is accurate. The "Total CoC Request" indicates the total funding request amount your CoC's Collaborative Applicant will submit to HUD for funding consideration. As stated previously, only 1 UFA Cost project application (for UFA designated Collaborative Applicants only) and only 1 CoC Planning project application can be submitted and only the Collaborative Applicant designated by the CoC is eligible to request these funds.

PARTNERS IN CARE

Oahu Continuum of Care

Our mission is to eliminate homelessness through open and inclusive participation and the coordination of integrated responses.

The following project names and descriptions are included in the Partners In Care (Collaborative Applicant for the Oahu Continuum of Care) Certificate of Consistency with the Consolidated Plan for the FY 2021 Continuum of Care Program Competition.

Location: HI-501 Honolulu City and County

Agency	Project Title	Project Description	Renewal/New	Project Type	Grant Term (Years)	Beds/ Units	Awarded
Aloha United Way	Consolidated PH 2021	The 2021 Consolidated Permanent Housing (PH) grant for Honolulu combines the strengths of three subrecipients: Kalihi-Palama Health Center (KPHC), Steadfast Housing Development Corporation (SHDC) and the Institute for Human Services, Inc. (IHS). This renewal will assist homeless and chronically homeless persons with disabilities through the provision of 304 permanent housing units. All three projects focus on increasing self-determination and independence by assisting participants with housing placement, employment, stability and retention. New admissions qualify for these programs based on vulnerability via VI-SPDAT score in addition to the condition of chronic homelessness.	Renewal	PH	1	327/2 85	\$5,219,667
Alternative Structures Internation al	Permanent Supportive Housing HI- 501	ASI's PSH for Families provides housing placement, rental assistance and support services for 13 chronically homeless families in Leeward Oahu. The goal is to assist chronically homeless families who are unsheltered or in emergency shelters to get into permanent housing as quickly as possible and maintain housing stability. A case manager will interface	Renewal			50/13	\$331,121

		with the coordinated entry system to identify families who qualify for PSH and will work with outreach/housing navigators who guide the family to appropriate housing.					
Child and Family Service	DV Coordinated Entry Project FY2021	Maintain a database that allows DV Providers to control who has access and view-rights to client information; it complies with all HUD- required technical specifications and data fields in HMIS and is programmable to collect data with the most up-to-date HMIS Data Standards. It has the functionality necessary to de-duplicate client records, in order to provide an aggregate client count by project type (provided the aggregate data does not present characteristics that could be personally identifying); and has the ability to generate all reports required by federal partners, such as the HUD-CoC APR and the HUD-ESG CSV for the e-CART reporting tool, and; allow for customizable fields or client screens that permit VSP's to track clients in meaningful ways. Social Solutions is the data system used for the DV CE.	Renewal New	SSO	1	N/A	\$153,852
Child and Family Service	HUD Rapid Rehousing TH & PH RRH FY2021	The program is designed to provide housing to survivors of domestic violence using the Housing First approach. The program will have two bilingual case managers and an employment specialist. The case managers will be working directly with survivor, property owners and housing programs to link individuals and families to housing. Additional services will include community resources and government assistance and other benefits. The employment specialist	Renewal New	Joint TH & PH- RRH	1	20/16	\$387,099

Child and	IIIID Decid	employment specialist focuses on employment readiness, resume skill building, outreach to employers and job placement agencies. Additional services can include support with vocational and educational services.	New	la:4	1	N/A	¢42.000
Family Service	HUD Rapid Rehousing TH & PH RRH Renewal Expansion FY2021	The proposed domestic violence specific project will utilize the CFS Domestic Violence Coordinated Entry Bi-Number List and the Housing First Model approach of providing low-barriers to obtain permanent housing first, then implementing wraparound support and life skill services to help survivors stabilize, improve quality of life and maintain housing will fill in this service gap and help meet unmet needs in our housing plan. CFS will host the ongoing case conferencing for the DV population providing referrals and receiving housing referrals. We will be collaborating with other DV providers island wide to ensure that survivors get access to safe and affordable housing with minimum barriers.	ivew	Joint TH & PH- RRH		N/A (staff)	\$43,000
Child and Family Service	DV CES Expansion	Coordinated entry is a centralized and streamlined system for accessing housing and support services to end homelessness in a community and is required by the U.S. Department of Housing and Urban Development (HUD) for all Continuums of Care (CoC). Domestic Abuse Coordinated Entry is a crisis response system that ensures that survivors of domestic abuse and sex trafficking can readily find and navigate crisis intervention housing assistance. It is designed to ensure that households are	New	SSO	1	N/A	\$75,000

		prioritized through a By- Number List for and matched with the right intervention as quickly as possible. It aims to standardize the access, assessment, and referral process across all providers in communities.					
Family Promise of Hawaii	FY21 – Family Promise DV Rapid Rehousing	The goal of the Family Promise DV Rapid Rehousing program is to help households fleeing domestic violence (DV) transition from homelessness to permanent, stable housing through mediumterm rental assistance alongside victim-centered, trauma-informed case management. The main goals of the program are to help families experiencing DV and homelessness access safe and secure permanent housing, provide victim-centered and trauma-informed supportive services to help families heal, and to connect families with comprehensive wraparound support to ensure they remain stably housed.	DV Bonus	PH	1	78/28	\$920,242
Gregory House Programs	Anuenue Pathway to Housing	A one-year joint transitional housing and permanent housing — rapid re-housing program. The transitional housing component is specifically for individuals diagnosed with HIV/AIDS (and oftentimes dually and triply diagnosed with substance abuse and mental health disorders). According to the State of HI Dept. of Health, in the period from 2016-2018, 6% of newly HIV diagnosed persons were homeless. In this same period, of 334 out-of-care individuals (defined as not having recorded lab results tracking CD4 and/or viral load within	Renewal New	Joint TH & PH- RRH	1	69	\$466,969

Youth Services & Empower ment	Response	Response Hui, Acheive Zero, Hale Kipa, Hawai'i Health & Harm Reduction Center (H3RC), RYSE, and Waikiki Health bring extensive experience and expertise to collectively propose an island-wide coordinated Mobile Crisis Response Project to expand and formalize existing informal street outreach collaborative efforts to be able to offer additional resources, provide better community coverage, identify more youth, build a cohesive system offering a universal standard of support, increase response, and help map community hot spots for youth currently or at-risk-of homelessness up to age 25. Residential Youth Services & Empower ment	FY 2021 Youth Permanent Housing	RYSE proposes a permanent supportive housing (PSH) project that offers six (6) youth-specific PSH beds for youth experiencing homelessness (YEH) identified through CES. Additionally, to ready youth for PSH and exit from homelessness, the program will offer employment and education supports to a further ten (10) youth to increase their skills and income as they prepare for housing. 		job skills development, and negotiating early releases, will work to help youth stop running. Additionally, Diversion funding will be used as a resource for all qualifying UYEH as a stopgap to meet essential needs that unaddressed might result in homelessness.					
Residential Youth Services & Empower ment	TH/RRH	RYSE's hybrid Transitional Housing- Rapid Rehousing (TH- RRH) project can provide a sliding level of support that can adapt to the youth's level of need recognizing that the path out of homelessness is not a linear one; youth may make progress — obtaining a job or starting substance use treatment — and have set-backs — losing their job or having a relapse — that requires supportive services and interventions that can assist them with a light touch as they grow and more intensive interventions when they falter.
